FROM : Jan P. Herring  
National Intelligence Officer for Science & Technology

SUBJECT: Foreign Policy "Export Controls" proposed by the  
President's Export Council Subcommittee on Export  
Administration

The attached proposal on changes to the Export Administration Act's Foreign Policy section was prepared by the President's Export Council Subcommittee, a body of private sector advisors to the Secretary of Commerce. The proposal will be provided to both the House and Senate Committees responsible for the renewal of the present Export Administration Act. There is no way of knowing what impact it will have, but Industry's comments are worth noting.
